If you can choose from multiple agreements here, please take the following into account:

- For Erasmus+ partners these agreements will correspond to the subject areas as described in our bilateral agreement. Please choose the correct agreement for the student you are nominating.
- For our Global partners, if we have agreements with different schools/departments/faculties, these will show up here as different agreements. If you are the nominating person for one specific School/department/faculty, please make sure to select the agreement that matches your subject area.
- You cannot nominate more students than agreed upon earlier. Once you have nominated the maximum number of students per agreement, the agreement will no longer be available for you to choose from. Please contact us if you encounter any issues with this.
- The selection of the agreement does not limit the course offer for your nominated student. The student can still choose from all courses available for exchange students at Tilburg University
